TAX CREDITS FOR QUALIFIED EDUCATION CONTRIBUTIONS

DONATE TO YOUR LOCAL SCHOOL!

On January 15, 2025, at 10:00 am, the department's Education Donation Portal (Portal) will begin accepting registrations for preapprovals of the Innovative Educational Program Credit and the Student Scholarship Organization (SSO) Credit.

*Only donations made in calendar year 2025 to a public school district (PSD) or SSO may be registered for preapproval of a credit for 2025.

*Donations preapproved for the credit are available on a first-come, first-serve basis.

*A pledge or promise of a donation is not eligible for preapproval for the credit. If a donation has not been received at the time it is entered into the portal, the department will deny the credit on the donor's tax return.

*If there are no credits remaining in the portal to use, then the donation will be returned to the donor.

*The donations need to be turned in to the clerk in the main office by noon on January 14th, 2025.
